

## January 2018

The Society had received 6 new notices of consultation from GBC Planning Department since the previous meeting.

|   |                            |                                 |
|---|----------------------------|---------------------------------|
| Court Barn (retrospective application for a replacement shed) | Listed Building            | 17/00536/FULL                   |
| White Lodge, Crescent Road (basement steps)                   | Anglesey                   | 17/00553/LBA &<br>17/00552/FULL |
| 93 High Street (air con units)                                | High Street, Gosport       | 17/00577/FULL                   |
| Officers' Gardens (alteration to historic walls)              | Royal Clarence Yard        | 17/00583/LBA                    |
| Brockhurst Gate (advertisements)                              | Scheduled Ancient Monument | 17/00593/ADVT                   |
| Qinetiq: Cavitation Tunnel                                    | Haslar Peninsula           | 17/00588/LBA                    |

Of these, the most interesting was the restoration of the Cavitation Tunnel at Qinetiq, which they are proposing to bring back into use after almost a decade of disuse.

We also reported to the Committee on the following developments of interest to the Society, which then led to further discussion:

- HMS Daedalus: IFA2
- Haslar Barracks Conservation Area (response to be drafted)
- Brook Villa, 6 Crescent Road, Anglesey
- Fort Gilkicker (public access issues)

We also gave a brief report on the main topics discussed at the 6 Dec GBC Regulatory Board.
